Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative argued that the reference of record does not teach positioning a display on the pedestal between the pilot's seats as supported by figs. 5 and 7. It was proposed claim 1 at least would be amended to reflect/recite such a teaching. While this appears to read around the reference of record, a determination to patentability could not be made pending filing/entry of a formal amendment and further reading of Briffe and/or further search.
